

# TCP2C Meeting Agenda

**DATE:** July 22, 2004

**TIME:** 9:30 a.m. to Noon

**PLACE:** Superconductor Technologies, Inc.  
460 Ward Drive  
Goleta, CA 93111 (Laura Sawicki's phone # 805-331-2347)

## **Agenda:**

- I. Welcome and Introductions**
- II. Discussion of Previous Working Group:** Topics: Municipal P2, TCP2C directions, meeting schedule, and WRPPN Conference topics.
- III. Past Presentation Discussion: Presentation I.** was by Louise Bentley of American FreezeBlast Inc. This was a follow-up talk to their recent demonstration of the Dry Ice Blasting process.  
  
**Presentation II.** was by Carol Rodriquez of Ventura Printing regarding the benefits of "Waterless Printing"
- IV. Presentation: Laura Sawicki** will discuss the P2 steps their company, **Superconductor Technologies, Inc.**, is taking and give us a tour of the semiconductor manufacturing facility. Laura is a great spokesperson for P2 and is making real changes at STI. Here's a chance to see real P2 in action and to discuss it from a regulated business point of view.
- V. Old Business:** WRPPN/CWEA P2 Conference sessions and training, DTSC's update, P2 Week Poster Orders.
- VI. New Business:** Coastal Cleanup Day (September 18,2004), P3S comments on TCP2C in the "Flowline" thanks Teresa, Copper use in Brake pads Study, and more.
- VII. Next meeting is November 18, 2004**

**"Where integrity meets creativity, vision naturally grows."**

**Pat McHenry Sullivan Consultant**

**Directions:**

Coming from Ventura or points South:

Take the 217 toward UCSB, but get off on Hollister off ramp. Then you turn left on Hollister and right on Ward.

From SLO or points North:

Get off 101 at Fairview, turn right onto Fairview, head toward Hollister Ave. Turn left onto Hollister and follow it down through Old Town past the Sizzler, under 217, then immediate right onto Ward.
